Services, Section 3 Access Assurance)			
B.15.1. The PIHP has adopted common policies and procedures concerning assessment and service provision for individuals with co-occurring mental health and substance use disorders.  (AFP 3.8.4.)	2		
B.15.2. The PIHP is responsible for coordination with substance abuse treatment providers when appropriate.	2		
B.15.3. The PIHP ensures that the required continuum of substance abuse rehabilitative services is available.	2		
B.15.4. The PIHP has sufficient capacity to meet demands for substance abuse services.	1	During the course of the review the PHIP staff reported that contracts for substance abuse services were in the process of development.	Submit a plan with time frames to insure there was sufficient capacity to meet substance abuse services needs.
B.15.5. The PIHP meets the requirements to provide 24 hours a day, 7 day a week access to substance abuse screening assessment and referral services.	1	There was a system in place to assure timely assessment for consumers requiring substance use disorder treatment. However, screenings were not consistently occurring on weekends, especially Sundays.	Submit a plan with time frames to insure a substance use disorder screenings are available 24 hours a day, 7 days a week.
B.15.6. The PIHP has effective methods for assuring that substance abuse treatment is based on the development of an individualized treatment plan.	2		
B.15.7. The PIHP has a process for ensuring that substance abuse treatment providers make clinical decisions consistent with the Medical Necessity Criteria for Medicaid Mental Health and Substance Abuse Services requirements as attached to the contract.	2

E.2.1. The home-based program is supervised by a QMHP and Child Mental Health professional.	2		
E.2.2. Non-professional staff in the PSR program work under the documented supervision of a qualified professional.	2		
E.2.3. Crisis Residential Treatment services must be provided under the immediate direction of a professional possessing at least a bachelor's degree in a human services field, and who has at least 2 years work experience providing services to beneficiaries with a serious mental illness.	1	The senior home manager who was also assigned as the case manager for the crisis residential unit possessed a bachelor degree in psychology. However, review of her credential and work experience revealed that this staff was not licensed and did not have documentation to support that she had two years experience providing services to individuals with serious mental illness prior to hiring at the crisis residential unit.	Submit a plan with time frames for ensuring that direct supervision of the crisis residential treatment service meets the program requirement.
E.2.4. Supervision of personal care services must be provided by a health care professional that meets the qualifications outlined in the Medicaid Provider Manual.  R 330.2805  R 330.2806  Medicaid Provider Manual, Section 11	2		
E.2.5. The intensive crisis stabilization services team may be assisted by trained paraprofessionals under appropriate supervision. The trained paraprofessionals must have at least one year of satisfactory experience providing services to persons with serious mental illness.	2		
E.3.1. All ACT team staff members must have a basic knowledge of ACT programs and principles acquired	1	Evidence to support that ACT staff members had received ACT specific	Submit a plan with time frames for ensuring that all ACT staff members receive ACT
