Welcome

Welcome to Region 10 Pre-paid Inpatient Health Plan (PIHP). We manage public services for mental health and substance use disorders in Genesee, Lapeer, Sanilac and St. Clair Counties.

Region 10 PIHP partners with Genesee Health System, Lapeer County Community Mental Health (CMH), Sanilac County CMH, St. Clair County CMH and other agencies in the four counties to offer public behavioral health services to qualified residents. We provide services to people recovering from serious mental illnesses (SMI), children recovering from serious emotional disturbances (SED), and people diagnosed with intellectual and developmental disabilities (IDD).

Region 10 PIHP has been appointed by the State of Michigan to manage public services for substance use disorders (SUD) for the region. The PIHP contracts with agencies to provide substance use disorder recovery services. Our practitioners are trained to treat people who have co-occurring disorders, such as a mental illness and a substance use disorder.

This Customer Handbook is available to you at http://www.region10pihp.org/services-and-supports/ and will be made available when you are approved to receive publicly funded services for mental health and/or substance use disorder services as a paper copy if preferred and within 5 days of request. Residents of the four-county region may request a copy of the Customer Handbook at no cost or view the handbook online for their own information at any time.
Mission
Promoting opportunities for Recovery, Discovery, Health and Independence for individuals receiving services through ease of access, high quality of care and best value.

To actualize its Mission, the Region that includes, Genesee, Lapeer, Sanilac and St. Clair Counties embraces the following Vision Statements:

Vision

- Foster an improved quality of life for the individuals and families we serve by facilitating equal access to superior, integrated, trauma-informed supports and services, designed to promote choice and responsibility which are tailored to the strengths and needs of each individual.
- Provide hope, by recognizing and respecting each individual's unique self and their choices in pursuit of their life goals.
- Promote efforts to reduce stigma by empowering families and communities to learn, support, respect, and advocate for individuals recovering from behavioral health including substance use disorders, and physical health challenges.
- Utilize innovative, evidence based, person-centered practices that provide positive outcomes and a high quality of life that includes integration and involvement in one's community. Effectively plan, evaluate and monitor a flexible system which is fiscally accountable.
- Demand a high standard of excellence in the management and delivery of services. Support a network which includes experiential, knowledgeable and dedicated and caring staff promoting synergy among stakeholders by embracing collaborative efforts.
- Maintain the community partnerships and relationships established long ago and recognize how those partnerships serve the community at large.

To achieve our Mission and Vision we embrace the following Values:

Values

- Treat all people with dignity, respect, fairness, and equality with an expectation of growth, development, recovery and discovery.
- Be sensitive to the diverse cultural, ethnic and spiritual needs of the individuals we serve.
- Provide person-centered and personalized services that ensure seamless coordination of care.
- Communicate clearly and concisely in the language of the individuals we serve.
- Innovatively and creatively develop better methods of supporting and serving individuals.
- Be responsible stewards, practicing both fiscal and performance accountability to all stakeholders.
- Develop partnerships with and among all stakeholders.
- Encourage teamwork and participation among everyone affiliated with the agency, recognizing that creative insight into improving how we serve and support people may originate at any level, both within and without the agency.
- Embrace continuous improvement, monitoring, and when necessary modifying, policies, procedures and practices.
- Create and maintain a healthy, safe and productive work environment that promotes effective communication, advances innovation, and rewards exemplary performance.

Adopted by the Region 10 Board of Directors
August 8, 2013
Chapter 2

Customer Service and the Access Center

Region 10 PIHP offers a Customer Service Department to answer your questions about the public system for treating mental health and substance use disorders. The Customer Service Department and the Access Centers are where you and other residents can request mental health and substance use disorder services.

Region 10 PIHP has a “no wrong door” policy when it comes to seeking services. You may walk into or call any of our facilities and you will be linked to the Access Center.

Customer Service
In addition to screening callers for services, Customer Service staff can provide you with information that you have a right to receive.

Customer Service can:
- Assist you with the grievance and appeal process.
- Put you in touch with your Recipient Rights Officer or a Fair Hearing Officer.
- Provide you with a list of all Region 10 PIHP service providers – organizations and individual practitioners who are directly contracted – and tell you the services they offer, languages they speak, their clinical specialties and how they perform in terms of meeting state and federal requirements.
- Help with service choices and changing providers.
- Refer you to our resource library.
- Provide you with annual reports, board of directorships, board meeting schedules, and board meeting minutes for Region 10 PIHP, Genesee Health System, Lapeer County CMH, Sanilac County CMH or St. Clair County CMH.
- Provide you with Region 10 PIHP’s organizational chart.
- Answer your questions about mental health and substance use disorders – and more.
How to Contact Customer Service

Customer Service operates Monday-Friday to provide information about the public mental health and substance use disorder system and to help link you to service/resources available.

- For general information, call Customer Service between 8:00 am and 5:00 pm.
  - For individuals in Genesee County: (866) 211-5455
  - For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447

- Crisis help is available by calling 24 hours a day:
  - Genesee County residents (877) 346-3648
  - Lapeer, Sanilac, and St. Clair County residents (888) 225-4447

*Regardless of residency, either number will be able to assist you in a Crisis.*

- Visit any of these websites for additional information:
  - Genesee Health System:  www.genhs.org
  - Lapeer County CMH:  www.lapeercmh.org
  - Sanilac County CMH:  www.sanilaccmh.org
  - St. Clair County CMH:  www.scccmh.org
  - Region 10 PIHP:  www.region10pihp.org

By: Faye V.  St. Clair County
Access to Services

Through the Access Center, Region 10 PIHP serves people who have Medicaid insurance, Healthy Michigan Plan, people who are enrolled in the MI CHILD program, and people who have no insurance.

Michigan has a managed care delivery system for public services for mental health and substance use disorders. The Michigan Department of Health and Human Services (MDHHS) sets the rules and regulations that Region 10 PIHP and the local CMHs must follow. This includes the types of services that we provide and the criteria we use to determine if you are qualified to receive services.

Medicaid recipients are guaranteed to receive covered services that are medically necessary for the treatment of their behavioral health condition. For people who have no insurance or who are enrolled in MI CHILD, there is no guarantee that non-emergency services will be available, as that funding is limited. Region 10 PIHP and the local CMHs must provide service to as many people as possible within the financial resources available.

For mental health services, priority is given to 1.) people recovering from the most severe forms of serious mental illness, serious emotional disturbance or developmental disability, and 2.) to people in urgent or emergency need.

For substance use disorder (SUD) services, priority is given to 1.) pregnant women who inject drugs; 2.) pregnant women who have a SUD; 3.) people who inject drugs; and 4.) a parent whose child has been or may soon be removed from the home under the Michigan Child Protection Laws.

How to Contact Access Center

- For individuals in Genesee County call Region 10 Access at (866) 211-5455
- For individuals in Lapeer, Sanilac, and St. Clair Counties call Region 10 Access at (888) 225-4447
Medical Necessity

The services we authorize to treat your mental health or substance use disorder must be medically necessary, as defined in Michigan’s Medicaid Provider Manual. Medical necessity criteria will be used to determine what type and amount of service will best address the behavioral health condition being treated.

Language Assistance and Accommodations

- **Language Assistance**
  
  If you are a person who does not speak English as your primary language and/or who has a limited ability to read, speak or understand English, you may be eligible to receive language assistance.

  If you are a person who is deaf or hard of hearing, you can utilize the Michigan Relay Center (MRC) to reach your PIHP, CMH, or service provider. Please call 7-1-1 and ask MRC to connect you to the number you are trying to reach.

  If you need a sign language interpreter, or if you do not speak English you may contact Customer Service between the hours of 8:00 am and 5:00 pm Monday-Friday so that arrangements can be made for an interpreter for you.

    - For individuals in Genesee: (866) 211-5455
    - For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447

  Interpreters are available at no cost to you. Also, the Customer Handbook is available in large print and recorded formats upon request.

- **Accessibility and Accommodations**

  In accordance with federal and state laws, all buildings and programs of the Region 10 PIHP are required to be physically accessible to individuals with all qualifying disabilities. Any individual who receives emotional, visual or mobility support from a qualified/trained and identified service animal such as a dog will
be given access, along with the service animal, to all buildings and programs of Region 10 PIHP.
If you need more information or if you have questions about accessibility or service/support animals; or, if you need to request an accommodation on behalf of yourself or a family member or a friend, you can contact Customer Service between the hours of 8:00 am and 5:00 pm Monday – Friday.

- For individuals in Genesee County: (866) 211-5455
- For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447

You will be told how to request an accommodation (this can be done over the phone, in person and/or in writing) and you will be told who at the agency is responsible for handling accommodation requests.

• Non-Discrimination and Accessibility
In providing behavioral healthcare services, Region 10 PIHP complies with all applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. The PIHP does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Region 10 PIHP provides free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats such as large print and audio, accessible electronic formats or Braille.

Region 10 PIHP provides free language services to people whose primary language is not English or have limited English skills, such as qualified interpreters or documentation in other languages of high prevalence as applicable.

If you need these services, you may contact Customer Service between the hours of 8:00 am and 5:00pm Monday-Friday.

- For individuals in Genesee: (866) 211-5455
For individuals in Lapeer, Sanilac, and St. Clair Counties:
(888) 225-4447

If you believe that Region 10 PIHP has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance by contacting Customer Service between the hours of 8:00 am and 5:00 pm Monday-Friday.

For individuals in Genesee: (866) 211-5455

For individuals in Lapeer, Sanilac, and St. Clair Counties:
(888) 225-4447

Or you may contact the Region 10 Grievance and Appeal Manager at (888) 225-4447 – 3111 Electric Avenue, Suite A, Port Huron, MI 48060

If you are a person who is deaf or hard of hearing, you may contact Region 10 PIHP Customer Service or MI Relay Service at 711 to request their assistance with connecting you to Region 10 PIHP. You may also file a grievance in person or by mail, fax or email. We are here to assist you in filing a grievance at your request. The Region 10 Grievance and Appeal Manager is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights. Complaint forms are available at:

You may also file a grievance electronically through the Office for Civil Rights Complaint Portal, available at:
https://ocrportal.hhs.gov/ocr/portal/lobby.jsp.

Or by mail or phone at:
U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
Toll Free: 1-800-368-1019
• **Coordination of Care**

To improve the quality of your services, Region 10 PIHP wants to coordinate your care with the medical provider who cares for your physical health. If you are also receiving substance use disorder services, your mental health care should be coordinated with those services.

Being able to coordinate with all providers involved in treating you improves your chances for recovery, relief of symptoms and improved functioning. Therefore, you are encouraged to sign a “Release of Information” so that information can be shared. If you do not have a medical doctor and need one, the staff will assist you in getting a medical provider. Contact Customer Service between the hours of 8:00am and 5:00 pm Monday-Friday

- For individuals in Genesee County: (866) 211-5455
- For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447

• **Providing Information**

To get the best care possible, tell your provider about your mental health and/or substance use history, including past hospital stays, treatments and medications. Federal law protects the privacy of this information.

Let your provider know all of the insurances you have, such as Blue Cross Blue Shield, Blue Care Network, Medicare, Medicaid or others.

You will be asked to fill out a Financial Information and Payment Agreement. Depending on your situation, Medicaid may not cover some services that you need. For many of those services, your charges will be based on your income. That is the purpose of filling out the form.

If you move, call your service provider as soon as you can. If you have Medicaid, you must also tell your Michigan Department of Human Services (MDHS) caseworker.
• **Appointments**
Try to keep your appointments with your therapists, counselors and doctors. If you are unable to keep an appointment, let the provider know — a day before if possible. He or she may be able to use your time-slot to help someone else. If you do not receive Medicaid, there may be a charge for missed appointments. If you miss too many appointments, there may be other penalties, including stopping your services.
Chapter 3

Emergencies and After-Hours Access to Services

A “behavioral health emergency” is when a person is experiencing symptoms and behaviors that can reasonably be expected in the near future to lead him/her to harm self or another; or because of his/her inability to meet his/her basic needs, he/she is at risk of harm; or the person’s judgment is so impaired that he/she is unable to understand the need for treatment and that their condition is expected to result in harm to him/herself or another individual in the near future.

You have the right to receive emergency services at any time, 24 hours a day, 7 days a week, without prior authorization for payment of care.

If you have a behavioral health emergency, you should seek help right away. At any time during the day or night call:

- 911
- The Crisis Line at:
  - Genesee County residents (877) 346-3648
  - Lapeer, Sanilac, and St. Clair County residents (888) 225-4447

  Regardless of residency, either number will be able to assist you in a Crisis.

If your call is not an emergency, you will be asked to call your provider the next working day.

Substance Use Disorder Emergencies

- If you are pregnant and abusing drugs or alcohol, the substance use disorder division of Region 10 PIHP will help you within 24 hours. You may call 24-hours a day, seven days a week:
  - Genesee County residents (877) 346-3648
  - Lapeer, Sanilac, and St. Clair County residents (888) 225-4447

  Regardless of residency, either number will be able to assist you in a Crisis.

- Please note that being pregnant and abusing drugs or alcohol is automatically an urgent situation.
Local Hospitals
You have the right to use any hospital for emergency care. In the event of a mental health or substance use emergency, call 911 or go to the nearest hospital. During regular business hours, you may also go to your local CMH or to the site where you receive your services for mental health or substance use disorders.

Please note: if you utilize a hospital emergency room, there may be healthcare services provided to you as part of the hospital treatment that you receive for which you may receive a bill and may be responsible for depending on your insurance coverage. These services may not be part of the PIHP emergency services you receive. Customer Service can answer questions about such bills.

Hospitals in Genesee County:
- Hurley Medical Center, One Hurley Plaza, Flint, (810) 257-9000
- McLaren Regional Medical Center, 401 S. Ballenger Highway, Flint, (810) 342-2000
- Genesys Regional Medical Center, One Genesys Parkway, Grand Blanc, (810) 606-5000

Hospitals in Lapeer County:
- McLaren – Lapeer Region, 1375 N. Main St., Lapeer, (810) 667-5500.

Hospitals in Sanilac County:
- Deckerville Community Hospital, 3559 Pine Street, Deckerville, (810) 376-2835.
- Marlette Regional Hospital, 2770 Main Street, Marlette, (810) 635-4000.
- McKenzie Health System, 120 Delaware Street, Sandusky, (810) 648-3770.

Hospitals in St. Clair County:
- McLaren Port Huron, 1221 Pine Grove, Port Huron, (810) 987-5000.
- Lake Huron Medical Center, 2601 Electric Ave., Port Huron, (810) 985-1500.
- Ascension River District Hospital, 4100 River Road East China Township, (810) 329-7111.
**Post-Stabilization Services**

After you receive emergency behavioral health care and your condition is under control, you may receive behavioral health services to make sure your condition continues to stabilize and improve. Examples of post stabilization services are crisis residential, case management, outpatient therapy, and/or medication reviews. Prior to the end of your emergency-level care, your local CMH will help you to coordinate your post-stabilization services.

By: Amy H. Lapeer County
Chapter 4

**Person-Centered Planning**

You will be the main designer of your plan of service to treat your mental health and/or substance use disorder. Making your plan for mental health treatment is slightly different than making your plan for substance use disorder treatment.

**Mental Health: Person-Centered Planning**

The process used to design your individual plan of mental health supports, service, or treatment is called “Person-Centered Planning” (PCP). PCP is your right as protected by the Michigan Mental Health Code.

The process begins when you determine whom, beside yourself, you would like at the person-centered planning meetings, such as family members or friends, and what staff from the local CMH you would like to attend. You will also decide when and where the person-centered planning meetings will be held. Finally, you will decide what assistance you might need to help you participate in and understand the meetings.

During person-centered planning, you will be asked about your hopes and dreams, and will be helped to develop goals or outcomes you want to achieve. The people attending this meeting will help you decide what supports, services or treatment you need, who you would like to provide this service, how often you need the service, and where it will be provided. You have the right, under federal and state laws, to a choice of providers.

After you begin receiving services, you will be asked from time to time how you feel about the supports, services or treatment you are receiving and whether changes need to be made. You have the right to ask at any time for a new person-centered planning meeting if you want to talk about changing your plan of service.

You have the right to “independent facilitation” of the person-centered planning process. This means that you may request that someone other than the local CMH staff conduct your planning meetings. You have the right to choose from available independent facilitators.
Children under the age of 18 with developmental disabilities or serious emotional disturbance also have the right to person-centered planning. However, person-centered planning must recognize the importance of the family and the fact that supports and services impact the entire family. The parent(s) or guardian(s) of the children will be involved in pre-planning and person-centered planning using “family-centered practice” in the delivery of supports, services and treatment to their children.

**Topics Covered during Person-Centered Planning**
During person-centered planning, you will be told about psychiatric advance directives, a crisis plan, and self-determination (see the descriptions below). You have the right to choose to develop any, all or none of these.

- **Psychiatric Advance Directive**
  Adults have the right, under Michigan law, to a “psychiatric advance directive.” A psychiatric advance directive is a tool for making decisions before a crisis in which you may become unable to make a decision about the kind of treatment you want and the kind of treatment you do not want. This lets other people, including family, friends, and service providers, know what you want when you cannot speak for yourself. If you would like to learn more about advance directives, call your primary case holder. If you do not believe you have received appropriate information regarding Psychiatric Advance Directives from your local CMH, please contact your Customer Service office to file a grievance.

- **Crisis Plan**
  You also have the right to develop a “crisis plan.” A crisis plan is intended to give direct care if you begin to have problems in managing your life or you become unable to make decisions and care for yourself. The crisis plan would give information and direction to others about what you would like done in the time of crisis. Examples are friends or relatives to be called, referred medicines, or care of children, pets, or bills.
• **Self-Determination**
Self-determination is an option for payment of medically necessary services you might request if you are an adult beneficiary receiving mental health services in Michigan. It is a process that would help you to design and exercise control over your own life by directing a fixed amount of dollars that will be spent on your authorized supports and services, often referred to as an “individual budget.” You would also be supported in your management of providers, if you choose such control.

**Substance Use Disorder:**

**Individualized Treatment Plan**
Individualized treatment planning is based on the idea that “one size does not fit all” when it comes to treatment. Your treatment plan must be tailored to your needs. You will participate in the process of making your treatment plan. Unlike person-centered planning, which may involve your family and friends, you and your counselor together will plan your treatment for your substance use disorder. Your situation, your needs, goals and desires will be taken into account when deciding your level of care, length of treatment, after-care and planning for your discharge.
Chapter 5

Recovery and Resiliency

Recovery is a journey of healing and transformation enabling a person with a mental health / substance abuse problem to live a meaningful life in a community of his or her choice while striving to achieve his or her potential.

Recovery is an individual journey that follows different paths and leads to different locations. Recovery is a process that we enter into and is a life long attitude. Recovery is unique to each individual and can truly only be defined by the individual themselves. What might be recovery for one person may be only part of the process for another. Recovery may also be defined as wellness. Behavioral health supports and services help people with a mental illness/substance use disorder in their recovery journeys. The person-centered planning process and the individualized treatment planning process is used to identify the supports needed for individual recovery.

In recovery there may be relapses. A relapse is not a failure, rather a challenge. If a relapse is prepared for, and the tools and skills that have been learned throughout the recovery journey are used, a person can overcome and come out a stronger individual. It takes time, and that is why Recovery is a process that will lead to a future that holds days of pleasure and the energy to persevere through the trials of life.

Resiliency and development are the guiding principles for children with serious emotional disturbance. Resiliency is the ability to “bounce back” and is a characteristic important to nurture in children with serious emotional disturbance and their families. It refers to the individual’s ability to become successful despite challenges they may face throughout their life.

By: Jennifer M. Genesee County
Chapter 6

Confidentiality and Family Access to Information

You have the right to have information about your behavioral health treatment kept private. You also have the right to look at your own clinical records and add a formal statement about them if there is something with which you do not agree. Generally, information about you can only be given to others with your permission. However, there are times when your information is shared in order to coordinate your treatment or when it is required by law.

Family members have the right to provide information to Region 10 PIHP about you. However, without a Release of Information signed by you, the PIHP may not give information about you to a family member. For minor children under the age of 18 years, parents/guardians are provided information about their child and must sign a Release of Information before information can be shared with others.

If you receive substance use disorder services, you have rights related to confidentiality specific to SUD services.

Under HIPAA (Health Insurance Portability and Accountability Act), you will be provided with an official Notice of Privacy Practices from your behavioral health services program. This notice will tell you all the ways that information about you can be used or disclosed. It will also include a listing of your rights provided under HIPAA and how you can file a complaint if you feel your right to privacy has been violated.

If you feel your confidentiality rights have been violated, you can call the Recipient Rights Office where you get services.
Chapter 7

Recipient Rights

Every person who receives public behavioral health services has certain rights.

The Michigan Mental Health Code protects some rights. Some of your rights include:

- The right to be free from abuse and neglect.
- The right to confidentiality.
- The right to be treated with dignity and respect.
- The right to treatment suited to condition.

More information about your many rights is contained in the booklet titled “Your Rights.” You will be given this booklet and have your rights explained to you when you first start services at your mental health provider and then once again every year. You can ask for this booklet at any time.

You may file a Recipient Rights complaint at any time if you think staff violated your rights. You may make a rights complaint either orally or in writing.

If you receive substance use disorder services, you have rights protected by the Michigan Public Health Code. These rights will also be explained to you when you start services and then once again every year. You can find more information about your rights while getting substance use disorder services in the “Know Your Rights” pamphlet.

You may contact your local community mental health services program to talk with a Recipient Rights Officer with any questions you may have about your rights or to get help making a complaint.

- Genesee Health System: (866) 211-5455
- Lapeer County Community Mental Health: (810) 667-0500
- For Sanilac County Community Mental Health: (810) 648-0330
- For St. Clair County Community Mental Health: (810) 985-8900
- For Substance Use Disorder Services, contact the Rights Advisor at each SUD program/provider.
The Customer Service Department can also help you make a complaint between the hours of 8:00 am and 5:00 pm Monday-Friday.

- For individuals in Genesee: (866) 211-5455
- For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447
Or, you can contact the MDHHS Office of Recipient Rights at: (800) 854-9090

**Freedom from Retaliation**

If you use public behavioral health services, you are free to exercise your rights and to use the rights protection system without fear of retaliation, harassment, or discrimination. In addition, under no circumstances will the public behavioral health system use seclusion or restraint as a means of coercion, discipline, convenience or retaliation.

**Some of Your Rights**

In addition to enjoying the same civil rights as all Americans, you have a number of specific rights related to your treatment through the Region 10 PIHP. In general, you have the right to:

- If you are qualified, receive mental health and substance use disorder care regardless of race, color, national origin, religion, sex, age, mental or physical disability, marital status, sexual preference or political beliefs.
- Obtain information about the names, locations and telephone numbers of the contracted providers in your area, their credentials, the non-English languages they speak, their specialties and whether they are accepting new clients. You may get a list of local providers at our websites:
  - Genesee Health System [www.genhs.org](http://www.genhs.org)
  - Lapeer County [www.lapeercmh.org](http://www.lapeercmh.org)
  - Sanilac County [www.sanilaccmh.org](http://www.sanilaccmh.org)
  - St. Clair County [www.scccmsg.org](http://www.scccmsg.org)
- You may also request a list of providers from Customer Service or your primary case holder.
- Get information about limits on your freedom of choice within
the network.
• Have services provided as quickly as your health condition requires.
• Take part in the decisions about your healthcare, including choosing among network providers.
• Refuse treatment – and to be told what refusing treatment may mean to you.
• Get the facts about different treatments, including the possible good and bad things that could happen because of treatment or non-treatment.
• Have your mental health and substance use disorder treatment coordinated with your primary medical treatment, and with services provided by other community agencies. You may also refuse coordination.
• Be told in writing 30 days before any change affecting your provider.
• Be told in writing 15 days before your provider is terminated.
• Obtain information about the grievance, appeal and fair hearing procedures and their time frames.
• Have your treatment continue without interruption even if your provider leaves the network.
• Be treated in a place that is clean and safe.
• Be told what services are in your benefit package, including their amount, scope and duration.
• Get a second opinion — outside the network if necessary — at no charge.
• Get needed and covered services outside of the network if they are not offered inside the network.
• Be told in writing when and why your benefits are being reduced or stopped.
• Be treated in the least restrictive setting possible. This means you have the right not to be tied up or restrained in any way or be locked away from other people as a means of coercion, discipline, convenience or retaliation.
• Receive treatment free of humiliation.
• Not to be financially exploited for the gain of another.
• Know if you must pay for a part of your services.
• Not to be fingerprinted, photographed, taped or looked at through a one-way glass without your written permission.
• Receive your treatment record and to ask for changes or
corrections to it.

- Tell your doctor how you wish to be treated if you become too ill to decide for yourself (advance directive).
- Get information about the structure and function of the Region 10 PIHP upon request.

You also have a number of treatment rights, including Person Centered Planning for mental health and helping to make your own treatment plan for substance use disorder services.

You have a number of rights that must be honored if you stay in a psychiatric hospital or unit, or in a residential setting. You have a number of rights dealing with how you must be treated within the court system.

If you are being treated in a hospital, halfway house, or other live-in setting as part of your treatment for substance use disorder, you have some additional rights, such as the right to keep your own money and the right to know the rules about having visitors. These rights are included in the “Know Your Rights” brochure in your Welcome Packet.
Chapter 8

Grievance and Appeals Processes

Grievances
You have the right to say that you are unhappy with your services or supports, or the staff who provide them, by filing a “grievance.” You can file a grievance any time by calling, visiting, or writing to Customer Service. Assistance is available in the filing process by contacting Customer Service. You will be given detailed information about grievance and appeal processes when you first start services and then again annually. You may ask for this information at any time by contacting Customer Service between the hours of 8:00 am and 5:00 pm Monday - Friday. To talk to a Customer Service representative, call:

- For individuals in Genesee County: (866) 211-5455
- For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447

Appeals
You will be given notice when a decision is made that denies your request for services or reduces, suspends or terminates the services you already receive. You have the right to file an “appeal” when you do not agree with such a decision. There are time limits on when you can file an appeal once you receive a decision about your services.

You may:
- Ask for a PIHP (Internal) Appeal – also known as a “Local Appeal” – by contacting Customer Service. You have 60 calendar days from the date of the Adverse Benefit Determination Notice to ask for a local appeal.

- If you are a Medicaid recipient, and after your local appeal has been completed and you are not satisfied with the resolution, you may ask for a Medicaid State Fair Hearing before an administrative law judge (a state appeal). You have 120 calendar days to request a state fair hearing from the date of the Appeal Resolution Notice.
• If you do not have Medicaid, you may ask for a review by the Department of Health and Human Services’ Alternative Dispute Resolution Process – also called a state appeal. This process can only be done after you have completed the Local Dispute Resolution Process and you do not agree with the written results of that local appeal. Contact your CMH for the Local Dispute Resolution Process.

If you are receiving a Medicaid covered service and you file your appeal within 10 calendar days of the effective date of the Notice of Adverse Benefit Determination, you may request to continue to receive your same level of services while your internal appeal is pending. Additionally, the original authorization for the service must not have already expired. You may be required to pay the cost of services provided to you while the appeal is pending if the adverse action decision is upheld.

Your appeal will be completed quickly, and you will have the chance to provide information or have someone speak for you regarding the appeal. You may ask for assistance from Customer Service to file an appeal. To talk to a Customer Service representative at Region 10 between the hours of 8:00 am and 5:00 pm Monday-Friday

  • For individuals in Genesee: (866) 211-5455
  • For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447

Upon request, Customer Service will assist you with a grievance, appeal and local dispute resolution processes and coordinate, when it’s appropriate, with the Fair Hearing Officer and the local Office of Recipient Rights.

**State Fair Hearing**

You must complete a local appeal before you can file a state fair hearing. However, if the PIHP fails to adhere to the notice and timing requirements, you will be deemed to have exhausted the local appeal process. You may request a State Fair Hearing at that time.

You can ask for a State Fair Hearing only after receiving notice that the service decision you appealed has been upheld. You can also ask for
a State Fair Hearing if you were not provided your notice and decision regarding your appeal in the timeframe required. There are time limits on when you can file an appeal once you receive a decision about your local appeal provided under the “appeals” section above. The Grievance & Appeals Process brochure is available on the Region 10 website at http://www.region10pihp.org/services-and-supports/ and is available as hard copy by contacting the PIHP Customer Service numbers or requesting it from your provider.

By: Amy H.    Lapeer County
Chapter 9

**Reporting Suspected Fraud, Waste or Abuse**

It is important that you report any suspicions of Medicaid Fraud, Waste or Abuse to the PIHP Corporate Compliance Office. You can reach the Corporate Compliance Office by calling (810) 966-3399. Reports can also be made to the Michigan Department of Health and Human Services Office of Inspector General At (855) 643-7283. All referrals of suspicion of fraud, waste or abuse can be reported anonymously.
Chapter 10

Service Array for Medicaid
Specialty Supports and Services Descriptions

Note: If you are a Medicaid beneficiary and have a serious mental illness, or serious emotional disturbance, or developmental disabilities, or substance use disorder, you may be eligible for some of the Medicaid Specialty Supports and Services listed below.

Before services can be started, you will take part in an assessment to find out if you are eligible for services. It will also identify the services that can best meet your needs. You need to know that not all people who come to us are eligible, and not all services are available to everyone we serve. If a service cannot help you, your Community Mental Health will not pay for it. Medicaid will not pay for services that are otherwise available to you from other resources in the community.

During the person-centered planning process, you will be helped to figure out the medically necessary services that you need and the sufficient amount, scope and duration required to achieve the purpose of those services. You will also be able to choose who provides your supports and services. You will receive an individual plan of service that provides all of this information.

In addition to meeting medically necessary criteria, services listed below marked with an asterisk (*) require a doctor’s prescription.

Note: the Michigan Medicaid Provider Manual contains complete definitions of the following services as well as eligibility criteria and provider qualifications. The Manual may be accessed at:

http://www.michigan.gov/mdhhs/0,5885,7-339-71551_2945_42542_42543_42546_42553-87572--,00.html

Customer Service staff can help you access the manual and/or information from it.
Assertive Community Treatment (ACT) provides basic services and supports essential for people with serious mental illness to maintain independence in the community. An ACT team will provide behavioral health therapy and help with medications. The team may also help access community resources and supports needed to maintain wellness and participate in social, educational and vocational activities. ACT may be provided daily for individuals who participate.

Assessment includes a comprehensive psychiatric evaluation, psychological testing, substance use disorder screening, or other assessments, conducted to determine a person’s level of functioning and behavioral health treatment needs. Physical health assessments are not part of this PIHP service.

*Assistive Technology includes adaptive devices and supplies that are not covered under the Medicaid Health Plan or by other community resources. These devices help individuals to better take care of themselves, or to better interact in the places where they live, work and play.

Behavior Treatment Review: If a person’s illness or disability involves behaviors that he or she or others who work with them want to change, his or her individual plan of services may include a plan that talks about the behavior. This plan is often called a “behavior treatment plan.” The behavior management plan is developed during person-centered planning and then is approved and reviewed regularly by a team of specialists to make sure that it is effective and dignified and continues to meet the person’s needs.

Behavioral Treatment Service/Applied Behavior Analysis: Services for children under 21 years of age with Autism Spectrum Disorders (ASD).

Clubhouse Programs are programs where members (persons who receive CMH services) and staff work side-by-side to operate the clubhouse and to encourage participation in the greater community. Clubhouse programs focus on fostering recovery, competency, and social supports, as well as vocational skills and opportunities.
Community Inpatient Services are hospital services used to stabilize a behavioral health condition in the event of a significant change in symptoms, or in a behavioral health emergency. Community hospital services are provided in licensed psychiatric hospitals and in licensed psychiatric units of general hospitals.

Community Living Supports (CLS) are activities provided by paid staff members who help adults with either serious mental illness or developmental disabilities live independently and participate actively in the community. Community Living Supports may also help families who have children with special needs (such as developmental disabilities or serious emotional disturbance).

Crisis Interventions are unscheduled individual or group services aimed at reducing or eliminating the impact of unexpected events on behavioral health and well-being.

Crisis Residential Services are short-term alternatives to inpatient hospitalization provided in a licensed residential setting.

*Enhanced Pharmacy includes doctor-ordered nonprescription or over-the-counter items (such as vitamins or cough syrup) necessary to manage your health condition(s) when a person’s Medicaid Health Plan does not cover these items.

*Environmental Modifications are physical changes to a person’s home, car, or work environment that are of direct medical or remedial benefit to the person. Modifications ensure access, protect health and safety, or enable greater independence for a person with physical disabilities. Note that other sources of funding must be explored first, before using Medicaid funds for environmental modifications.

Family Support and Training provides family-focused assistance to family members relating to and caring for a relative with serious mental illness, serious emotional disturbance or developmental disabilities. “Family Skills Training” is education and training for families who live with and/or care for a family member who is eligible for the Children’s Waiver Program.

Fiscal Intermediary Services help individuals manage their services and supports budget and pay providers if they are using a “self-determination” approach.
Flint 1115 Demonstration Waiver: The demonstration waiver expands coverage to children up to age 21 years and to pregnant women with incomes up to and including 400 percent of the federal poverty level (FPL) who were served by the Flint water system from April 2014 through a state-specified date. This demonstration is approved in accordance with section 1115(a) of the Social Security Act, and is effective as of March 3, 2016 the date of the signed approval through February 28, 2021. Medicaid-eligible children and pregnant women who were served by the Flint water system during the specified period will be eligible for all services covered under the state plan. All such persons will have access to Targeted Case Management services under a fee for service contract between MDHHS and Genesee Health Systems (GHS). The fee for service contract shall provide the targeted case management services in accordance with the requirements outlined in the Special Terms and Conditions for the Flint Section 1115 Demonstration, the Michigan Medicaid State Plan and Medicaid Policy.

Health Services include assessment, treatment, and professional monitoring of health conditions that are related to or impacted by a person’s behavioral health condition. A person’s primary doctor will treat any other health conditions he or she may have.

Home-Based Services for Children and Families are provided in the family home or in another community setting. Services are designed individually for each family, and can include things like behavioral health therapy, crisis intervention, service coordination, or other supports to the family.

Housing Assistance is assistance with short-term, transitional, or one-time-only expenses in an individual’s own home that his or her resources and other community resources could not cover.

Intensive Crisis Stabilization is another short-term alternative to inpatient hospitalization. Intensive crisis stabilization services are structured treatment and support activities provided by a behavioral health crisis team in the person’s home or in another community setting.
Intermediate Care Facility for Persons with Mental Retardation (ICF/IDD) provides 24-hour intensive supervision, health and rehabilitative services and basic needs to persons with developmental disabilities.

**Medication Administration** is when a doctor, nurse, or other licensed medical provider gives an injection, or an oral medication or topical medication.

**Medication Review** is the evaluation and monitoring of medicines used to treat a person’s behavioral health condition, their effects, and the need for continuing or changing his or her medicines.

**Mental Health Therapy and Counseling for Adults, Children and Families** includes therapy or counseling designed to help improve functioning and relationships with other people.

**Nursing Home Mental Health Assessment and Monitoring** includes a review of a nursing home resident’s need for and response to behavioral health treatment, along with consultations with nursing home staff.

**Occupational Therapy** includes the evaluation by an occupational therapist of an individuals’ ability to do things in order to take care of him or herself every day, and treatments to help increase these abilities.

**Partial Hospital Services** include psychiatric, psychological, social, occupational, nursing, music therapy, and therapeutic recreational services in a hospital setting, under a doctor’s supervision. Partial hospital services are provided during the day – participants go home at night.

**Peer-delivered and Peer Specialist Services.** Peer-delivered services such as drop-in centers are entirely run by individuals who receive behavioral health services. They offer help with food, clothing, socialization, housing, and support to begin or maintain behavioral health treatment. Peer Specialist services are activities designed to help persons with serious mental illness in their individual recovery journeys. They are provided by individuals who are in recovery from
serious mental illness. Peer mentors help people with developmental disabilities.

**Personal Care in Specialized Residential Settings** assits an adult with mental illness or developmental disabilities with activities of daily living, self-care and basic needs, while they are living in a specialized residential setting in the community.

*Physical Therapy* includes the evaluation by a physical therapist of a person’s physical abilities (such as the way he or she moves, uses his or her arms or hands, or holds his or her body), and treatments to help improve their physical abilities.

**Prevention Service Models** (such as Infant Mental Health, School Success, etc.) use both individual and group interventions designed to reduce the likelihood that individuals will need treatment from the public behavioral health system.

**Respite Care Services** provide short-term relief to the unpaid primary caregivers of people eligible for specialty services. Respite provides temporary alternative care, either in the family home, or in another community setting chosen by the family.

**Skill-Building Assistance** includes supports, services and training to help persons participate actively at school, work, volunteer, or community settings, or to learn social skills they may need to support themselves or to get around in the community.

*Speech and Language Therapy* includes the evaluation by a speech therapist of a person’s ability to use and understand language and communicate with others or to manage swallowing or related conditions, and treatments to help enhance speech, communication or swallowing.

**Substance Use Disorder Treatment Services** (descriptions follow the behavioral health services – see pages 37-38)

**Supports Coordination or Targeted Case Management:** A Supports Coordinator or Case Manager is a staff person who helps write an individual plan of service and makes sure the services are delivered. His or her role is to listen to a person’s goals, and to help
find the services and providers inside and outside the local community mental health services program that will help achieve the goals. A supports coordinator or case manager may also connect a person to resources in the community for employment, community living, education, public benefits, and recreational activities.

**Supported/Integrated Employment Services** provide initial and ongoing supports, services and training, usually provided at the job site, to help adults who are eligible for behavioral health services find and keep paid employment in the community.

**Transportation** may be provided to and from individuals’ homes in order for them to take part in a non-medical Medicaid-covered service.

**Treatment Planning** assists the person and those of his/her choosing in the development and periodic review of the individual plan of services.

**Wraparound Services for Children and Adolescents** with serious emotional disturbance and their families that include treatment and supports necessary to maintain the child in the family home.

**Other Mental Health Services:**

- Crisis interventions for mental health-related emergency situations and/or conditions.
- Identification, assessment, and diagnostic evaluation to determine the beneficiary’s mental health status, condition, and specific needs.
- Inpatient hospital psychiatric care for mentally ill beneficiaries who require care in a 24-hour medically-structured and supervised licensed facility.
- Other medically necessary mental health services.
- Psychotherapy or counseling (individual, family, group) when indicated.
- Interpretation or explanation of results of psychiatric examination, other medical examinations and procedures, or other accumulated data to family or other responsible persons or advising them how to assist the beneficiary.
- Pharmacological management, including prescription, administration, and review of medication use and effects; or
• Specialized community mental health clinical and rehabilitation services, including case management, psychosocial interventions and other community supports, as medically necessary, and when utilized as an approved alternative to more restrictive care or placement.

*These services require a physician’s prescription.*
Some Medicaid beneficiaries are eligible for special services that help them avoid having to go to an institution for people with developmental disabilities or a nursing home. These special services are called the Habilitation Supports Waiver (HSW) and the Children’s Waiver. In order to receive these services, people with developmental disabilities need to be enrolled in either of these “waivers.” The availability of these waivers is very limited. People enrolled in the waivers have access to the services listed above as well as those listed here:

**Goods and Services (for HSW enrollees)** is a non-staff service that replaces the assistance that staff would be hired to provide. This service, used in conjunction with a self-determination arrangement, provides assistance to increase independence, facilitate productivity or promote community inclusion.

**Non-Family Training (for Children’s Waiver enrollees)** is customized training for the paid in-home support staff that provide care for a child enrolled in the Waiver.

**Out-of-Home Non-Vocational Supports and Services (for HSW enrollees)** is assistance to gain, retain or improve in self-help, socialization or adaptive skills.

**Personal Emergency Response Devices (for HSW enrollees)** help persons maintain independence and safety in their own homes or in a community setting. These are devices that are used to call for help in an emergency.

**Prevocational Services (for HSW enrollees)** include supports, services and training to prepare a person for paid employment or community volunteer work.

**Private Duty Nursing (for HSW enrollees)** is individualized nursing service provided in the home, as necessary to meet specialized health needs.
Specialty Services (for Children’s Waiver enrollees) are music, recreation, art, or massage therapies that may be provided to help reduce or manage the symptoms of a child’s mental health condition or developmental disability. Specialty services might also include specialized child and family training, coaching, staff supervision, or monitoring of program goals.

Services for Persons with Substance Use Disorders

The Substance Use Disorder (SUD) Treatment services listed below are covered by Medicaid. These services are available through the Region 10 PIHP in Genesee, Lapeer, Sanilac and St. Clair Counties.

Access, Assessment and Referral (AAR) determines the need for substance use disorder services and will assist in getting to the right services and providers.

Intensive/Enhanced Outpatient (IOP or EOP) is a service that provides more frequent and longer counseling sessions each week and may include day or evening programs.

Methadone LAAM Treatment is provided to people who have heroin or other opiate dependence. The treatment consists of opiate substitution monitored by a doctor as well as nursing services and lab tests. This treatment is usually provided along with other SUD outpatient treatment.

Outpatient Treatment includes therapy/counseling for the individual, and family and group therapy in an office setting.

Residential Treatment is intensive therapeutic services which include overnight stays in a staffed licensed facility.

Sub-Acute Detoxification is medical care in a residential setting for people who are withdrawing from alcohol or other drugs.

Initial assessment, diagnostic evaluation, referral and patient placement;
  • Outpatient Treatment;
• Federal Food and Drug Administration (FDA) approved pharmacological supports for Levo-Alpha-Acetyl-Methadol (LAAM) and Methadone only; or
• Other substance use disorder services that may be provided, at the discretion of the PIHP, to enhance outcomes.

If you receive Medicaid, you may be entitled to other medical services not listed above. Services necessary to maintain your physical health are provided or ordered by your primary care doctor. If you receive Community Mental Health services, your local community mental health services program will work with your primary care doctor to coordinate your physical and behavioral health services. If you do not have a primary care doctor, your local community mental health services program will help you find one.

Note: **Home Help Program** is another service available to Medicaid beneficiaries who require in-home assistance with activities of daily living, and household chores. In order to learn more about this service, you may call the local Michigan Department of Health and Human Service (MDHS) number below or contact Customer Service for assistance.

Genesee Co.: MDHHS, 630 S. Saginaw St., Flint, (810) 760-7300
Lapeer Co.: MDHHS, 1505 Suncrest, Lapeer, (810) 667-0800
Sanilac Co.: MDHHS, 515 S. Sandusky, Sandusky, (810) 648-4420
St. Clair Co.: MDHHS, 220 Fort St., Port Huron, (810) 966-2200

Note: the Michigan Medicaid Provider Manual contains complete definitions of the following services as well as eligibility criteria and provider qualifications. The Manual may be accessed at:

Customer Service staff can help you access the manual and/or information from it.
Medicaid Health Plan Services

If you are enrolled in a Medicaid Health Plan, the following kinds of health care services are available to you when your medical condition requires them.

- Ambulance
- Chiropractic
- Doctor visits
- Family planning
- Health check ups
- Hearing aids
- Hearing and speech therapy
- Home Health Care
- Immunizations (shots)
- Lab and X-ray
- Medical supplies
- Medicine
- Mental health (limit of 20 outpatient visits)
- Nursing Home Care
- Physical and Occupational therapy
- Prenatal care and delivery
- Surgery
- Transportation to medical appointments
- Vision

The Medicaid Health Plans serving the four counties are listed in the Genesee Health System or CMH booklet, which are available on the Region 10 website at [http://www.region10pihp.org/services-and-supports/](http://www.region10pihp.org/services-and-supports/). A paper copy of these booklets can be requested at any time by calling the Customer Service numbers listed below. If you already are enrolled in one of the health plans, you can contact the health plan directly for more information about the services listed above. If you are not enrolled in a health plan or do not know the name of your health plan, you can contact your Customer Service Department between the hours of 8:00 am and 5 pm Monday-Friday for assistance.

- For individuals in Genesee: (866) 211-5455
- For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447
Payment for Services
If you are enrolled in Medicaid and meet the criteria for the specialty behavioral health, the total cost of your authorized behavioral health treatment will be covered. No fees will be charged to you.

If you are a Medicaid beneficiary with a deductible (“spend-down”), as determined by the Michigan Department of Health and Human Services (MDHHS), you may be responsible for the cost of a portion of your services.

Should you lose your Medicaid coverage, your PIHP/provider may need to re-evaluate your eligibility for services. A different set of criteria may be applied to services that are covered by another funding source such as General Fund, Block Grant, or third-party payer.

Service Authorization
Services you request must be acted upon (authorized/approved or denied) by the Region 10 PIHP. The PIHP may approve all, some or none of your requests. You will receive notice of a decision within 14 calendar days after you have requested the service during person-centered planning, or within 3 business days if the request requires a quick decision.

Any decision that denies a service you request, or denies the amount, scope or duration of the service that you request, will be made by a health care professional who has appropriate clinical expertise in treating your condition. Authorizations are made according to medical necessity. If you do not agree with a decision that denies, reduces, suspends or terminates a service, you may file an appeal.

Medicaid Fee for Service
If you do not qualify for services through the Region 10 PIHP, or need medical care not covered by the PIHP, and you have Medicaid Fee for Service, call the beneficiary help-line at 1-800-642-3195 for information on your benefit plan and the medically necessary services available to you.
Evidence-Based Practices (EBP) involve complex and conscientious decision-making which is based not only on the available evidence but also on an individual’s characteristics, situations, and preferences. These practices recognize that care is individualized and ever-changing and involves uncertainties and probabilities. EBPs use evidence drawn from scientific study, practitioner expertise, and feedback from individuals who receive the service.

*Implemented as a Promising Practice*
Chapter 11

Glossary

Access: The entry point to the Prepaid Inpatient Health Plan (PIHP), sometimes called an “Access Center,” where Medicaid beneficiaries call or go to request behavioral health services.

Adverse Benefit Determination: A decision that adversely impacts a Medicaid beneficiary’s claim for services due to:

- Denial or limited authorization of a requested service, including determinations based on the type of level of service, requirements for medical necessity, appropriateness, setting, or effectiveness of a covered benefit.
- Reduction, suspension, or termination of a previously authorized service.
- Denial, in whole or in part, of payment for a service.
- Failure to make a standard authorization decision and provide notice about the decision within 14 calendar days from the date of receipt of a standard request for service.
- Failure to make an expedited authorization decision within 72 hours from the date of receipt of a request for expedited service authorization.
- Failure to provide services within 14 calendar days of the start date agreed upon during the person-centered planning and as authorized by the PIHP.
- Failure of the PIHP to act within 30 calendar days from the date of a request for a standard appeal.
- Failure of the PIHP to act within 72 hours from the date of a request for an expedited appeal.
- Failure of the PIHP to provide disposition and notice of a local grievance/complaint within 90 calendar days of the date of the request.

Amount, Duration, and Scope: Terms to describe how much, how long, and in what ways the Medicaid services that are listed in a person’s individual plan of service will be provided.

Appeal: A review of an adverse benefit determination.
Behavioral Health: Includes not only ways of promoting well-being by preventing or intervening in mental illness such as depression or anxiety, but also ways of preventing or intervening in substance abuse or other addictions. For the purposes of this handbook, behavioral health will include intellectual/developmental disabilities, mental illness in both adults and children and substance use disorders.

Beneficiary: An individual who is eligible for and enrolled in the Medicaid program in Michigan.

CMHSP: An acronym for Community Mental Health Services Program. There are 46 CMHSPs in Michigan that provide services in their local areas to people with mental illness and developmental disabilities. They may also be referred to as CMH. Four CMHSPs make up the Region 10 – Genesee Health System, Lapeer County CMH, Sanilac County CMH and St. Clair County CMH.

Deductible (or Spend-Down): A term used when individuals qualify for Medicaid coverage even though their countable incomes are higher than the usual Medicaid income standard. Under this process, the medical expenses that an individual incurs during a month are subtracted from the individual’s income during that month. Once the individual’s income has been reduced to a state specified level, the individual qualifies for Medicaid benefits for the remainder of the month. Medicaid applications and deductible determinations are managed by the Michigan Department of Health and Human Services, independent of the PIHP/service system.

Durable Medical Equipment: Any equipment that provided therapeutic benefits to a person in need because of certain medical conditions and/or illness. Durable Medical Equipment (DME) consists of items which:
- Are primarily and customarily used to serve a medical purpose;
- Are not useful to a person in the absence of illness, disability, or injury;
- Are ordered or prescribed by a physician;
- Are reusable;
- Can stand repeated use; and
- Are appropriate for use in the home.
Emergency Service/Care: Covered services that are given by a provider trained to give emergency services and needed to treat a medical/behavioral emergency.

Excluded Services: Health care services that your health insurance or plan doesn’t pay for or cover.

Flint 1115 Demonstration Waiver: The demonstration waiver expands coverage to children up to age 21 years and to pregnant women with incomes up to and including 400 percent of the federal poverty level (FPL) who were served by the Flint water system from April 2014 through a state-specified date. This demonstration is approved in accordance with section 1115(a) of the Social Security Act, and is effective as of March 3, 2016 the date of the signed approval through February 28, 2021. Medicaid-eligible children and pregnant women who were served by the Flint water system during the specified period will be eligible for all services covered under the state plan. All such persons will have access to Targeted Case Management services under a fee for service contract between MDHHS and Genesee Health Systems (GHS). The fee for service contract shall provide the targeted case management services in accordance with the requirements outlined in the Special Terms and Conditions for the Flint Section 1115 Demonstration, the Michigan Medicaid State Plan and Medicaid Policy.

Grievance: Expression of dissatisfaction about any matter other than an adverse benefit determination. Grievances may include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness, or a provider or employee, or failure to respect beneficiary’s rights regardless of whether remedial action is requested. Grievance includes a beneficiary’s right to dispute an extension of time proposed by the PIHP to make an authorized decision.

Grievance and Appeal System: The processes the PIHP implements to handle the appeals of an adverse benefit determination and grievances, as well as the processes to collect and track information about them.
Habilitation Services and Devices: Health care services and devices that help a person keep, learn, or improve skills and functioning for daily living.

Health Insurance: Coverage that provides for the payments of benefits as a result of sickness or injury. It includes insurance for losses from accident, medical expense, disability, or accidental death and dismemberment.

Health Insurance Portability and Accountability Act of 1996 (HIPAA): This legislation is aimed, in part, at protecting the privacy and confidentiality of patient information. “Patient” means any recipient of public or private health care, including behavioral health care and services.

Healthy Michigan Plan: An 1115 Demonstration project that provides health care benefits to individuals who are: aged 19-64 years; have income at or below 133% of the federal poverty level under the Modified Adjusted Gross Income Methodology; do not qualify or are not enrolled in Medicare or Medicaid; are not pregnant at the time of the application; and are residents of the State of Michigan. Individuals meeting Healthy Michigan Plan eligibility requirements may also be eligible for behavioral health services. The Michigan Medicaid Provider Manual contains complete definitions of the available services as well as eligibility criteria and provider qualifications. The manual may be accessed at:

http://www.michigan.gov/mdhhs/0,5885,7-339-71551_2945_42542_42543_42546_42553-87572--,00.html

Home Health Care: Supportive care provided in the home. Care may be provided by licensed healthcare professionals who provide medical treatment needs or by professional caregivers who provide daily assistance to ensure the activities of daily living (ADLs) are met.

Hospice Services: Care designed to give supportive care to people in the final phase of a terminal illness and focus on comfort and quality of life, rather than a cure. The goal is to enable patients to be comfortable and free of pain so that they live each day as fully as possible.
**Hospitalization:** A term used when formally admitted to the hospital for skilled behavioral services. If not formally admitted, it might still be considered an outpatient instead of an inpatient even if an overnight stay is involved.

**Hospital Outpatient Care:** Any type of care performed at a hospital when it is not expected there will be an overnight stay.

**Intellectual/Developmental Disability:** Defined by the Michigan Mental Health Code as either one of the following: (a) if applied to a person older than five years, a severe chronic condition that is attributable to mental or physical impairment of both, and is manifested before the age of 22 years; is likely to continue indefinitely; and results in substantial functional limitations in three or more areas of the following major life activities: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency; and reflects the need for a combination and sequence of special, interdisciplinary, or generic care, treatment or other services that are of lifelong or extended duration; (b) If applied to a minor from birth to age five, a substantial developmental delay or a specific congenital or acquired condition with a high probability of resulting in a developmental disability.

**Limited English Proficient (LEP):** Means potential enrollees and enrollees who do not speak English as their primary language and who have a limited ability to read, write, speak, or understand English may be LEP and may be eligible to receive language assistance for a particular type of service, benefit, or encounter.

**MDHHS:** An acronym for Michigan Department of Health and Human Services. This state department, located in Lansing, oversees public funded services provided in local communities and state facilities to people with mental illness, developmental disabilities and substance use disorders.

**Medically Necessary:** A term used to describe one of the criteria that must be met in order for a beneficiary to receive Medicaid services. It means that the specific service is expected to help the beneficiary with his/her mental health, developmental disability or substance use (or any other medical) condition. Some services assess
needs and some services help maintain or improve functioning. PIHPs are unable to authorize (pay for) or provide services that are not determined as medically necessary for you.

**Michigan Mental Health Code:** The state law that governs public mental health services provided to adults and children with mental illness, serious emotional disturbance and developmental disabilities by local community mental health services programs and in state facilities.

**MIChild:** A Michigan health care program for low-income children who are not eligible for the Medicaid program. This is a limited benefit. Contact Customer Service for more information.

**Network:** A list of the doctors, other health care providers, and hospitals that a plan has contracted with to provide medical care/services to its members.

**Non-Participating Provider:** A provider or facility that is not employed, owned, or operated by the PIHP/CMHSP, and is not under contract to provide covered services to members.

**Participating Provider:** The general term used for doctors, nurses, and other people who give you services and care. The term also includes hospitals, home health agencies, clinics, and other places that provide health care services; medical equipment; mental health, substance use disorder, intellectual/developmental disability, and long term supports and services. They are licensed or certified to provide health care services. They agree to work with the health plan, accept payment and not charge enrollees an extra amount. Participating providers are also calls network providers.

**Physician Services:** Refers to the services provided by an individual licensed under state law to practice medicine or osteopathy.

**PIHP:** An acronym for Prepaid Inpatient Health Plan. There are 10 PIHPs in Michigan that manage the Medicaid services for mental health, developmental disabilities and substance use disorder services in their geographic areas.
Preauthorization: Approval needed before certain services or medications can be provided. Some network medical services are covered only if the doctor or other network provider gets prior authorization. Also call Prior Authorization.

Premium: An amount to be paid for an insurance policy, a sum added to an ordinary price or charge.

Prescription Drugs: A pharmaceutical drug that legally requires a medical prescription to be dispensed. In contrast, over-the-counter drugs can be obtained without a prescription.

Prescription Drug Coverage: A stand-alone insurance plan, covering only prescription drugs.

Primary Care Physician: A doctor who provides both the first contact for a person with an undiagnosed health concern as well as continuing care of varies medical conditions, not limited by cause, organ system, or diagnosis.

Primary Care Provider: A health care professional (usually a physician) who is responsible for monitoring an individual’s overall health care needs.

Provider: A term used for health professionals who provide health care services. Sometimes, the term refers only to physicians. Often, however, the term also refers to other health care professionals such as hospitals, nurse practitioners, chiropractors, physical therapists, and other offering specialized health care services.

Recovery: A journey of healing and change allowing a person to live a meaningful life in a community of their choice, while working toward their full potential.

Rehabilitation Services and Devices: Health care services that help a person keep, get back, or improve skills and functioning for daily living that have been lost or impaired because a person was sick, hurt, or disabled. These services may include physical and occupational therapy and speech-language pathology and psychiatric
rehabilitation services in a variety of inpatient and/or outpatient settings.

**Resiliency:** The ability to “bounce back.” This is a characteristic important to nurture in children with serious emotional disturbance and their families. It refers to the individual’s ability to become successful despite challenges they may face throughout life.

**Serious Emotional Disturbance / SED:** is defined by the Michigan Mental Health Code to mean a diagnosable mental, behavioral or emotional disorder affecting a child that exists or has existed during the past year for a period of time sufficient to meet diagnostic criteria specified in the most recent Diagnostic and Statistical Manual of Mental Disorders; and has resulted in functional impairment that substantially interferes with or limits the child’s role or functioning in family, school or community activities.

**Serious Mental Illness / SMI:** Is defined by the Michigan Mental Health Code to mean a diagnosable mental, behavioral or emotional disorder affecting an adult that exists or has existed within the past year for a period of time sufficient to meet diagnostic criteria specified in the most recent Diagnostic and Statistical Manual of Mental Disorders; and that has resulted in function impairment that substantially interferes with or limits one or more major life activities.

**Skilled Nursing Care:** Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of skilled nursing facility care include physical therapy or intravenous (IV) injections that a registered nurse or a doctor can give.

**Specialist:** A health care professional whose practice is limited to a particular area such as a branch of medicine, surgery, or nursing; especially, one who by has advanced training and is certified by a specialty board as being qualified to limit their practice.

**State Fair Hearing:** A state level review of beneficiaries’ disagreements with CMHSP, or PIHP denial, reduction, suspension or termination of Medicaid services. State administrative law judges who are independent of the Michigan Department of Health and Human Service perform the reviews.
**Specialty Supports and Services:** A term that means Medicaid funded mental health, developmental disabilities and substance use disorder supports and services that are managed by the Pre-Paid Inpatient Health Plans.

**Substance Use Disorder (or substance abuse):** Is defined in the Michigan Public Health Code to mean the taking of alcohol or other drugs at dosages that place an individual’s social, economic, psychological, and physical welfare in potential hazard or to the extent that an individual loses the power of self-control as a result of the use of alcohol or drugs, or while habitually under the influence of alcohol or drugs, endangers public health, morals, safety, or welfare, or a combination thereof.

**Urgent Care:** Care for a sudden illness, injury, or condition that is not an emergency but needs care right away. Urgently needed care can be obtained from out-of-network providers if a network provider is not available.
Chapter 12

**Points of Contact**

Region 10’s CEO, Medical Director, and Recipient Rights Officer, may be contacted by calling:

(810) 966-3399 - 3111 Electric Avenue, Suite A. Port Huron, MI 48060

Region 10 Customer Service Supervisors may be contacted by calling:

- For individuals in Genesee: (866) 211-5455
  420 W. Fifth Avenue Flint, MI 48503

- For individuals in Lapeer, Sanilac, and St. Clair Counties: (888) 225-4447
  3111 Electric Avenue, Suite A. Port Huron, MI 48060
