VII. Executive Director’s Report
D. Russell passed out GHS Lapel pins to the board members. He spoke briefly on the FY18 budget and the troubling language regarding one PIHP for Michigan, and also presented an e-mail he sent to Lt. Governor Calley, at his suggestion, regarding GHS becoming a stand-alone PIHP.

Russell also presented a draft proposal for seeking a county-wide Mental Health millage. Over the last several years, GHS has lost considerable operating revenue, experiencing a reduction in General Fund (GF) from $19.1M in 2014 to $3.8M in 2017. GF is used to fill in funding gaps and pays for services for individuals who don’t qualify for Medicaid. Prior to 2014, GHS was one of the few counties in the State that did not have a waiting list. Our current waiting list is now 40-70 people. In addition, several GHS programs cannot be funded by Medicaid and have relied on GF dollars for funding. MST, Mental Health Court, Community Housing, and crisis services are some examples of GF funded programs. A mental health millage would provide flexible, sustainable funding that would ensure every Genesee County resident received necessary, high quality, behavioral health services. Genesee Health Plan, whose existing millage will be up for re-approval in 2019, has proposed a collaboration with GHS for a joint millage in 2018. Discussion followed.
Adams moved, Keller supported the motion for GHS to explore a collaboration with Genesee Health Plan on a joint millage proposal.  
*Motion carried*

Keller requested a report on the corrective action plan for the May meeting of the Program & Evaluation Committee, and also requested a report if GHS fails to meet performance indicators in the future.

*(Resolution 04-31-17)*  
Keller moved, Reeves supported the motion to add a report on our Corrective Action Plans to the Program & Evaluation Meeting agenda.  
*Motion carried*
