VI. Chair Report
McCree presented the January meeting calendar and noted the meeting dates do not follow the 2nd/4th week as usual, because of holiday closures. L. Keller reported on the November R10 meeting, stated the meeting was very routine.

A. Reeves reviewed the minutes of the December meeting of the Recipient Rights committee. Board approval was requested for the ORR Annual report.

(Resolution 12-80-19)
Reeves moved, Clack supported the motion to approve the ORR Annual Report for 2019. 
Motion carried

McCree provided a report on the site visit to BHR. The visit consisted of a meeting with the CEO, contract managers, and other executive staff. K. McCree, A. Reeves, John Holiday, Director of Access, QM & UM, and Jake Miller, assistant contract manager attended for GHS. BHR has been operating for 25 years with contracts in over 20 states. They handle 250,000 to 300,000 calls per year. Their staff are all Masters level counselors or social workers. BHR is CARF accredited, which is unusual for crisis call centers.

The visit was very positive, and BHR has many positive features. They collect and will provide some additional metrics in order to give a fuller picture of performance. They will provide the results of a one question satisfaction survey given to all callers, as well as the number and type of referrals for services. These will be added to the BHR report for P&E starting in January 2020.

J. Holiday expressed that he feels they are willing to work with us and doing the right things
to move the numbers in the right direction. He was most impressed with how the CEO emphasized they build their business on quality, and how they do not collect information on call lengths, to ensure staff won’t feel rushed with callers.

J. Miller stated that there are 3 other providers of this type of service. He believes the quality of services is better with BHR, and sees no need to look elsewhere at this time. The contract with BHR has been on a month to month basis and waiting to move forward following the outcome of this discussion.

Discussion followed the presentation. McCree recommended we go ahead with signing the contract and monitor performance for the next six months, and then re-evaluate.

McCree noted he had sent a copy of the podcast About Michigan, which featured an interview with Bob Sheehan. McCree stated he felt the interview gave a very good explanation of how things stand with the behavioral health system post 298.

VII. Executive Director’s Report
D. Russell stated he will email both the PowerPoint from Director Gordon and the year-end review PowerPoint for the board members to read at their leisure. Russell believes there will be a serious shake-up in the system for the purposes of integration, and noted that we had a very good year with a lot of accomplishments.

Russell stated he will invite the consultant from Vanguard to come and present to the board in the near future regarding the millage campaign.

VIII. Other Business
None

IX. Public Participation
Naomi Schmult asked the difference between the Healthy Michigan Plan and Medicaid. She wanted to know how 298 would affect her services.

D. Russell informed her the 298 initiative has been cancelled, so she will not see a difference in her services.

With nothing further to come before the Board, the meeting was adjourned at 5:21 p.m.
